युनिवर्सिटी ग्रांट कमीशन ने तय किया, एक्जीक्यूटिव काउंसिल दिल्ली यूनिवर्सिटी ने तय किया कि हम एक कमेटी नियुक्त करेंगे और कमेटी इस पर विचार करेगी। दो-तीन दिन पूर्व ही वह कमेटी नियुक्त की गयी है और अब वह कमेटी इस पूरे मामले पर विचार करेगी कि इन तीन शर्तों को माना जाए या इनमें से सभी शर्तों को माना जाए या नहीं माना जाए, इन सब बातों पर विचार करके फिर एक्जीक्यूटिव काउंसिल को रिपोर्ट पेश की जाएगी, दिल्ली यूनिवर्सिटी की और फिर इस पर निर्णय लिया जाएगा।

बाण सागर परियोजना पर व्यय

*262. **श्री जगन्नाथ सिंह :** क्या **जल संसाधन** मंत्री यह बताने की कृपा करेंगे कि :

(क) 31 दिसम्बर 1994 को स्थिति के अनुसार बाण सागर परियोजना पर कितनी राशि खर्च की गई; और

(ख) इस परियोजना को पूरा करने में और कितना समय लगने की संभावना है ?

THE MINISTER OF STATE IN THE MINISTRY OF WATER RESOURCES (SHRI P. V. RANGAYYA NAIDU): (a) and (b) Statement is laid on the table of the house.

Statement

The expenditure incurred up to 31-12-1994 on various components of the Bansagar Project and their schedule of completion are as under:—

Component	Expenditure incurred till 31-12-1994 (Rs. crores)	Anticipated date of completion subject to availability of required fund.
1. Bansagar Dam		
(a) Upto crest level	353.06*	June, 1996
(b) Complete with gates		June 1999
2. Bansagar Canals of M.P.	113.76	2005-2006
3. Bansagar Canals of U.P.	52.93	2002-2003
4. Bansagar-Tons Hydro Power		
(i) Power House-I (3x105 MW)	83.54	Already commissioned
(ii) Power House-II (2x 15 MW)		Actual commissioning of these Power Houses depends upon completion of Bansagar Dam.
(iii) Power House III (3x 20 MW)		
(iv) Powar House No. IV(2x10MW)		

*Includes Rs. 203.41 Crores towards civil works of dam and appurtentent works and Rs. 149.65 Crores towards land acquisition and rehabilitation and resettelment of oustees.

श्री जगन्नाथ सिंह: सभापति महोदय मैंने अपने प्रश्न के भाग "क" में यह जानकारी सरकार से चाही थी कि इस बाण सागर परियोजना को कब तक पूरा कर लिया जाएगा। उसका उत्तर नहीं आया है। सभापति महोदय बाण सागर परियोजना एक वृहद परियोजना है जिसमें मध्य प्रदेश में 2.40 लाख हैक्टेयर सिंचाई प्रस्तावित है उत्तर प्रदेश के लिए 1.24 लाख हैक्टेयर, बिहार

19**

के लिए 1.24 लाख हैक्टेयर सिंचाई और 435 मैगावाट बिजली उत्पादन के लिए प्रस्तावित है। मैं आपके माध्यम से माननीय मंत्री जी से यह जानना चाहता हूं कि इस परियोजना की आधारशिला कब रखी गयी थी और आधारशिला रखते समय इसको पूरा करने के लिए कितना समय निर्धारित किया गया था तथा कितना व्यय प्रस्तावित था ?

SHRI P. V. RANGAYYA NAIDU: Mr. Chairman, Sir, in my reply, I have given the approximate dates by which each of the component of the Bansagar Project is likely to be completed subject to the availability of funds. It is an inter-State project being taken up by the Madhya Pradesh Government with contributions from the Governments of Uttar Pradesh and Bihar. The expenditure is shared in the ratio of 2:1:1 respectively and the benefits are also to be shared in the ratio of 2:1:1: respectively. So far, the Madhya Pradesh Government has given more than its share. But, unfortunately, the Governments of Bihar and Uttar Pradesh have not been giving their share for this project. Out of Rs. 353 crores spent so far on the main dam and the appurtenent structures and the rehabilitation and resettlement, the Madhya Pradesh Government has already given Rs. 238 crores as against its share of Rs. 176 crores, the Uttar Pradesh Government has given Rs. 59.80 crores as against its share of Rs. 88.27 crores and Bihar... (*Interruptions*)...

SHRI TRILOKI NATH CHATURVEDI: Mr. Chairman, I am sorry to interrupt the Minister. The question asked is different. The question is. At the time when the project was first initiated, what was the estimated expenditure and the date of its completion? This is what the hon. Member wants to know.

SHRI P. V. RANGAYYA NAIDU: Sir, I am also explaining the reason for the delay in the execution of the project. The original estimate of the project in 1978 was Rs. 91.30 crores and the latest estimate is Rs. 936 crores. civil works and Rs. 300 crores is towards civil works and Rs. 636 crores is for land acquisition. rehabilitation and resettlement costs.

श्री जगन्नाथ सिंह : सभापति महोदय, मेरा प्रश्न स्पष्ट था लेकिन माननीय मंत्री जी द्वारा स्पष्ट प्रश्न का उत्तर भी नहीं दिया गया। मैं आपके माध्यम से मंत्री जी से यह जानना चाहता हूं कि उत्तर प्रदेश राज्य से इस परियोजना के लिए 24.98 करोड़ रुपए रखे गए थे, इसी प्रकार से 21.87 करोड़ रुपए बिहार प्रांत के लिए, मध्य प्रदेश सरकार द्वारा 5 जुलाई, 94 को भारत सरकार को पत्र लिखा गया था कि उक्त राशि संबंधित राज्यों से दिलाई जाए, इस संबध में भारत सरकार की ओर से राशि दिलाने के लिए क्या कोई प्रयास किया गया था ? तथा प्रश्न के दूसरे भाग में मैं यह जानना चाहता हूं कि मध्य प्रदेश के सीधी, सतना, सहडोल, रीवा आदि पिछड़े हुए भागों के लिए यह परियोजना है और इस परियोजना के निर्माण से बहुत से लोग विस्थापित होंगे तो कितने लोग विस्थापित हुए और विस्थापितों के पुनर्वास के लिए क्या कोई कार्य योजना सरकार के पास है ताकि वहां पर रहने वाले तमाम वग के लोगों को ठीक से जीवनयापन की सुविधा मिल सके ?

SHRI P. V. RANGAYYA NAIDU: Sir, as regards the first supplementary, I will say that this is an inter-State project based on an agreement signed by these three States in 1973. So, since it is a project based on an agreement between these three States, the matters have to be settled between them by mutual discussion. So far as the Government of India is concerned, it has been trying its best to settle the matters.

The Secretary, Ministry of Water Resources convened a meeting of all the officials in the month of February and requested them to settle the matters. Sir, we will make all efforts to see that the State Governments concerned co-operate in this project and it is completed as early as possible.

As regards rehabilitation, Sir, the submergence of land is mostly in Madhya Pradesh. Seventy-nine villages will be completely submerged and 257 villages will be partially submerged. We have already acquired land in 121 villages, which is to the extent of 19,265 hectares. The number of families affected is 23,390. We have planned for their rehabilitation and resettlement in 29 model villages. Out of the 336 villages affected by the submergence, for which rehabilitation work has been taken up, work has already started in 89 villages. The number of families affected, in these 89 villages, is 10,886.

These are the details Sir. If the hon. Member requires more details, I am prepared to give him. There are so many things that we are doing for their rehabilitation. As I said earlier, whereas the cost of the project is Rs. 300 crores, the expenditure on other activities like land acquisition, rehabilitation, etc. comes to Rs. 636 crores. So, we are spending twice the cost of construction of the dam on other activities.

SHRI GOVINDRAM MIRI: Sir, the hon. Minister has not answered the question put by my friend. Sir, the project covers four tribal districts, namely, Satna, Sidhi, Shahdol and Riwa of Madhya Pradesh, Sir. I would like to know about the number of land oustees; especially belonging to the Scheduled Tribes and other weaker sections of society. Have they been paid the amount of compensation towards their lands fully and if not, why? When will it be paid? How many of them have been fully rehabilitated and resettled to their satisfaction? The last part of my question is this: How many of the land oustees have been provided employment in the Bansagar Project?

SHRI P. V. RANGAYYA NAIDU: Sir, in spite of my answering in details the hon. Member is feeling that I have not given the details. Sir, I will try my best to give as many details in the time available. Sir, the number of families affected, as I said earlier, is 23,390. Out of these, I have not the figures showing how many are tribals and how many are non-tribals, but they may be mostly tribals. Sir, 7,505 families have opted to make their own arrangements after receiving compensation. Sir, we have disbursed rehabilitation grant to 4,873 families-4,873 families have received rehabilitation grant. And then, 3,378 families have agreed for resettlement in the model villages and we have provided residential plots to 948 families.

SHRI GOVINDRAM MIRI: Sir, I want to know whether employment has been provided to the land oustees.

SHRI P. V. RANGAYYA NAIDU: Sir, I don't have the information right now. I will supply it to the hon. Member.

श्री अजीत जोगी : सभापति महोदय, कोई परियोजना या कोई काम कैसे नहीं किया जाना चाहिए, अगर इसका कोई प्रत्यक्ष और अच्छा उदाहरण है तो वह बाण सागर परियोजना है। बीस साल पहले इसकी आधारशिला रखी गयी थी। लेकिन, न तो अब तक यह परियोजना पूरी हुई है और न ही आदिवासी और गरीब 25 हजार परिवार, जिनमें ज्यादातर आदिवासियों के परिवार इससे विस्थापित हुए हैं उनके पुनर्विस्थापन के लिए कोई कार्य किया गया है। मैं आपके माध्यम से सरकार और मंत्री जी से यह जानना चाहता हूं कि आपने जो विस्थापित लोगों के लिए 29 माडल गांवों को बसाने की योजना बनाई थी क्या ऐसा एक भी आदर्श गांव बस पाया है? जो विस्थापित हुए हैं वे दर-दर भटक रहे हैं और उनको मुआवजा भी पूरा नहीं मिला है। क्या आप स्वत: वहां जाकर देखेंगे कि जो लोग बीस साल पहले विस्थापित हुए थे और जो अभी तक भी दर-दर भटक रहे हैं, उनके पुनर्विस्थापन की ठीक व्यवस्था

हो जाए और उनको जो मुआवजा दिया जाना है, उसका भुगतान हो जाए ? क्या कोई ऐसी समय सीमा भी आप तय करेंगे–पिछले बीस सालों में यह परियोजना पूरी नहीं हुई लेकिन आगामी पांच या दस सालों में यह परियोजना पूरी हो जाए, क्या ऐसा समय सीमा वाला कार्यक्रम भी आप बनायेंगे ?

SHRI P. V. RANGAYYA NAIDU: Chairman, Sir, as I have already said, I cannot give an assurance regarding the time-frame of the project. The completion of the project depends on the availability of funds from three different States and out of these three States, two States are not co-operating.

SHRI AJIT P. K. JOGI: Sir, it has already taken 20 years. They have not even concentrated on the model village for rehabilitation. The Minister is not in a position to tell us how long it will take to complete it.

SHRI P. V. RANGAYYA NAIDU: Sir, I have already submitted to the hon. House that the dates can't be given. I have already given the approximate dates because it is subject to the availability of funds and the funds have to come from three different States. I have already submitted that except Madhya Pradesh, the other two States are not co-operating. So far, eight model villages have been taken up for development.

SHRI AJIT P. K. JOGI: Not even one, Sir. I had been to that area only last week. I know, though they are saying 'eight villages' not even one village has been established so far.

SHRI P. V. RANGAYYA NAIDU: Sir, I will verify this information and write to the hon. Member.

*263. [*The Questioners (Shri Kanak Sinh Mohan Sinh Mangrola and Shri Aas Mthammad) were absent. For answer See* vide *Col...* infra]

Soil erosion in Orissa

*265. SHRI RAHASBIHARI BARIK: Will the Minister of AGRICULTURE be pleased to state:

(a) whether Government have made any survey on the land affected by soil erosion in Orissa;

(b) if so, when was the last assessment made;

(c) the approximate land affected by soil erosion, sand dune and water logging in that State including sea erosion;

(d) the steps taken by the Centre to save the land from erosion; and

(e) the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ARVIND NETAM): (a) to (e) A statement is laid on the Table of the Sabha.

Statement

(a) and (b) The assessment of the land affected by soil erosion in the country including the State of Orissa has been documented in the Report of the Working Group for Planning based on land and water use for the formulation of VIII Five Year Plan (Submitted in June, 1989).

(c) The estimated land affected in the State by soil erosion is 45.78 lakh ha. and due to water logging 0.60 lakh ha. Besides this, sea erosion is taking place in the areas lying north of Paradeep Port and hookitola island. Erosion is also noticed at Gopalpur and Penta Satabhaya. Coastal sand dunes occupy about 3000 acres in Ganjam District where survey has been conducted by State Agriculture Department.

(d) and (e) Soil conservation programmes are being implemented by State Government in the State Sector through some of the following major scheme.
